Fuel Solutions – Range Comparison

Compare fuel dispensers, gear pumps, submersibles and compact units at a glance

FUEL DISPENSERS

Shared across this group: 5–50 L/min · ±0.3% accuracy · PMS, AGO or DPK. Plus and Pro share the same internals and differ only in body design; nozzle count is the only performance-relevant difference. 1-year warranty on every fuel dispenser.

Photo	Product	Key specifications
	**MT PLUS – Single Nozzle**	**Best seller** Body: Plus (standard cabinet, black finish) Nozzle: Single (serves one vehicle at a time)
	**MT PLUS – Double Nozzle**	Body: Plus (standard cabinet, black finish) Nozzle: Double. D1 shares one pump/motor on a single supply line; D2 gives each nozzle its own pump/motor on two separate supply lines.
	**MT PRO – Single Nozzle**	Body: Pro (refined cabinet, white finish with a lighted ring for extra visibility at night) Nozzle: Single (serves one vehicle at a time)
	**MT PRO – Double Nozzle**	Body: Pro (refined cabinet, white finish with a lighted ring for extra visibility at night) Nozzle: Double. D1 shares one pump/motor on a single supply line; D2 gives each nozzle its own pump/motor on two separate supply lines.

GEAR PUMPS

Shared across this group: 60–100 L/min · ±0.3% accuracy · PMS, AGO or DPK. Significantly faster than a standard dispenser, built for high-throughput transfer, bulk loading and fleet depots rather than standard retail dispensing. 1-year warranty.

Photo	Product	Key specifications
	Gear Pump – Single Nozzle	Nozzle: Single (serves one vehicle at a time)
	Gear Pump – Double Nozzle	Nozzle: Double. D1 shares internal components on a single supply line; D2 gives each nozzle independent internal components on two separate supply lines.

SUBMERSIBLE PUMPS

Shared across this group: ±0.3% accuracy · 7-year memory with 10-minute backup · for pressurised submersible (STP) systems. The pump sits inside the underground tank rather than the cabinet, supporting longer pipe runs and busier, multi-lane sites. 1-year warranty.

Photo	Product	Key specifications
	**MT PLUS Submersible – Single**	Body: Plus · Nozzle: Single
	**MT PLUS Submersible – Double**	Body: Plus · Nozzle: Double (serves two vehicles at once)
	**MT PRO Submersible – Single**	Body: Pro · Nozzle: Single
	**MT PRO Submersible – Double**	Body: Pro · Nozzle: Double (serves two vehicles at once)

OIL DISPENSER PUMP & MT MINI DISPENSER

Photo	Product	Key specifications
	**Oil Dispenser Pump**	Flow: 5–50 L/min · Accuracy: ±0.30% For lubricating & engine oil, not fuel Comes with a warranty
	**MT Mini Dispenser**	Flow: 5–50 L/min · Accuracy: ±0.30% Single nozzle only, compact single-door cabinet for smaller sites Comes with a warranty
